

LASH EXTENSION PREPARATION

BEFORE YOU BOOK YOUR APPOINTMENT

Please ensure: You are comfortable lying down for a few hours with your eyes closed, your eyes are free of signs and symptoms of infection and fully recovered from recent eye surgeries or procedures, and you DO NOT have allergies/sensitivities to acrylates or cyanoacrylate adhesives.

PREP FOR YOUR APPOINTMENT

- ✓ To maximize time with your lash stylist, come to your appointment with clean eyes.
- ✓ Remove all make-up, including foundation, eyeliner, eye shadow, mascara, eye creams, and eye serums.
- ✓ Cleanse eye area and eyelashes gently but thoroughly to remove any residual oils or mascara.
- ✓ Shower before your arrival.
- ✗ **DON'T** wear contacts to your appointment. Wear glasses instead.
- ✗ **DON'T** apply heavy creams, lotions or oils to your face within 48 hours prior to your eyelash application.
- ✗ **DON'T** receive chemical treatments to your eyelashes, such as tinting or perming, within 48 hours prior to your appointment.
- ✓ Ensure you have fully recovered from recent irritating eye-area treatments, such as skin-resurfacing procedures, chemical peels, eyebrow waxing, laser treatments and permanent makeup application. Recovery time varies with each procedure and individual.
